

# BENNETT HIRES VETS

Bennett is honored to provide government services and to actively assist military veterans in transitioning to great careers in the transportation and logistics industry.

We actively recruit at military bases across the country for contractors and owner operators to join our driving force. We take pride in accepting military experience toward our stringent driver requirements.

We have a large number of veterans who are employed in operational and office positions who are highly regarded for their knowledge of our government customers and the great work ethic they bring to us from their military service.

# WE STAND READY

## BENNETT GOVERNMENT SERVICES

The Government Services Division of Bennett Motor Express was expressly created to meet and exceed the specific transportation and logistical needs of military, government and DOD contractors. Bennett Government Services has an thorough understanding of the contracts, systems, operational requirements and protocol necessary to sustain relationships within the government services realm.

As a Bennett customer, you can rely on our mission to provide the highest levels of service and satisfaction. Our team embraces a distinct set of Core Values:

- Integrity
- Respect
- Quality Service
- Safety Culture
- Spiritual Commitment
- Family Culture
- Learning & Development
- Diversity
- Loyalty
- Responsibility
- Patriotism
- Financial Strength

Bennett's team of Subject Matter Experts provide government agencies and contractors with a reliable, proven and trustworthy logistics and transportation resource. Known as one of the largest carriers for government traffic, Bennett has an impeccable reputation as a quality-focused industry leader.

Key services include:

- Logistics and transportation services CONUS and OCONUS
- Qualcomm tracking
- Unit moves
- Transportation Protective Services
- Van, Flatbed, Dropdeck, Double Drop, RGN and multi-axle specialized equipment
- Approved Department of Defense, General Services Administration (GSA), and Federal Emergency Management Agency

Bennett's government team also has an exceptional 3PL and 4PL service record, managing multiple complex Base Realignment and Closure (BRAC) relocation projects and unit moves.
